

## *ABS' new Onyx division growing its client roster*

Onyx Painting Services, a new division of Onyx Restoration Works and Alliance Building Services has successfully completed or received exclusive contracts for 20 painting and/or refinishing projects since being launched in June of this year.

The Ford Foundation located at 320 East 43rd Street, Bally Retail at 628 Madison Avenue and 100 Wall Street are just a few examples of Onyx's recently completed projects.

In addition, Onyx Painting Services has obtained contracts for clients such as Englewood Hospital, Harper Collins Publishing and Viacom.

"We are proud to be providing quality service performed by experienced and well-trained painting professionals," said Kevin Paglino, vice president of Onyx Painting Services.

"I am thrilled by the immediate success of Onyx Painting Services and look forward to its future growth."

Alliance acquired Encore and Envirochrome Interior and Design, making it one of the only building services company in New York City to offer its clients painting and refinishing services.

In addition to providing painting services, Onyx also installs and maintains a variety of specialty wall coverings and finishes including vinyl wall coverings, faux finishes, Venetian plaster and controlled-spray finishes.

"Alliance is excited to be offering our clients the option of in house painting and refinishing services in addition to maintenance, security, metal restoration and messenger center services," said Gary Green, CEO of Alliance Building Services.

"We look forward to maintaining and strengthening partnerships in the building management industry as a result of Onyx Painting Services." ■
